Built better from the inside out

Model 984 7' high, Horizontal V-groove, Red Oak stain

Foamed-in-place

polyurethane insulation

with an R-value* of 7.6 helps control costly heat loss and gain. This type of insulation can diminish street noise and provides for quieter door operation.

Designed with award-winning safety and technology features

including pinch-resistant door panels.

Bulb-type bottom weather seal

guards against wind and rain while providing a cushion when closing.

High cycle spring option

Choose a 25,000 cycle spring for almost twice the life of a standard torsion spring.

Fiberglass exterior

The beauty of wood with less maintenance.

Factory installed powder coated hardware

Ensures proper alignment and smoother operation with a clean interior appearance.

*Overhead Door Corporation uses a calculated door section R-value for our insulated doors.

To prevent fading on exterior, water based, satin finish clear coat should be applied every 1-3 years, depending on environment. Please refer to the owner manual and Field Painting & Finishing document on www.overheaddoor.com.
